### HOME OF J. FRED JOHNSON BURNED SUNDAY

Sunday morning at 1 a. m. the beautiful new residence of J. Fred Johnson, in the Southwest addition, was destroyed by fire. It was impossible to save any part of it, as no fire hydrants have been placed there yet. The residence was one of the finest in the city and had just been completed at a cost of about \$15,000. A fire had been kindled in the furnace to dry out the building on Saturday, but every precaution was taken to see that everything was safe before the building was left. Several handsome pieces of new furniture and a number of druggists and expensive rugs purchased especially for this home had been stored there Saturday and were all destroyed. The building was only partly insured. Mr. Johnson will rebuild at once, duplicating the home in every particular. The origin of the fire is unknown.

### A POWER ENTERPRISE.

For the past two weeks a party of supposed capitalists have been securing rights of way along the Holston river from Shipley's ferry to Yonkey's ferry and one-half mile above. It is said the object is to build a great power plant at or near Shipley's ferry, ten miles from Blountville, and within one mile of the C. C. & O. railroad. For this purpose it is proposed to build a 40-foot concrete dam with a 60-foot base. This plant proposes to furnish lights and power for the surrounding towns and means much for Washington and Sullivan counties.

### SALVATION ARMY IN CITY

Will Open a Post in Johnson City as Soon as a Suitable Building Can Be Had for Services.

The Salvation Army will open a post in Johnson City this week, with Capt. Thomas A. Peart, commanding officer, and Lieut. A. M. Potts in charge. Lieut. Potts is in the city looking to the renting of a suitable hall for the meetings to be held in. Gov. Smith, of the Soldiers' Home, is taking an ac-

LIEUT. A. M. POTTS who will have charge of post in this city

tive interest in getting the army to open a post in the city, and Lieut. Potts will have, we think, the hearty co-operation of the best people of Johnson City in the work that the army will do here. Mr. Potts is an ex-soldier of the United States Army.

The Salvationists at Johnson City.

The Salvation Army officers located in Bristol returned from Johnson City Monday evening, where they went to make arrangements for the establishment of a branch of the army at that place. Many prominent people have promised assistance in the work. Churches will also be given the use of the salivations, when they need them. One prominent man in Johnson City has already contributed fifty dollars toward the movement.

Lieutenant A. M. Potts, of this city, will take charge of the new station, where he will remain until headquarters select a permanent officer at the usual change of officers in the early spring.

Captain Peart, of this city, who made the inspection of Johnson City to learn whether or not that place was a suitable point to establish a branch of the army, says that the people of that city are showing much sympathy for the movement, and have promised their most hearty co-operation.

November 22 Major Wm. Andrews, who has charge of this district, with headquarters in Cincinnati, Ohio, will preach in one of the churches in Johnson City, and will also lead in the services at the National Soldiers' Home, near there, on the same day. This will mark the real important work of the Salvationists in that section of the country.

While in Johnson City, Lieutenant Potts will be the guest of William McNeal.—Bristol Herald-Courier.

### RECEIVER DISCHARGED.

Two weeks ago at the instance of C. B. Allen a receiver was appointed for the recently reorganized Allen Fuel Corporation by a Knoxville judge. Marshall and restoring the property to its proper officers and allowing the matters in controversy to be tried on their merits.

### WILL BE NO RESURVEY OF HERBERT DOMAIN.

Nashville, Tenn., Oct. 28.—It developed today that the resurvey of the Herbert domain provided for by the last legislature will not likely be undertaken. The comptroller is authorized in the joint resolution to draw a warrant for \$1,000 to pay an expert engineer to make the survey, but the appropriation bills and the officials are left powerless in the matter. The resurvey was left in the hands of the governor, the treasurer, the comptroller and the chairman of the prices board.

### HORSES DYING OF SPINAL MENINGITIS

Mr. Pritchett stated that a number of horses have recently died of this disease in this section, one farmer in the edge of Greene county having lost twelve head a short time ago.

### LITIGATION IS AVERTED

Tennessee's Gift to Peabody Will Not Be Disturbed—Held Pending Settlement of Claim.

Nashville, Oct. 30.—Litigation over the state's appropriation of \$250,000 was averted today through assurance given Atty.-Gen. Cates by James C. Bradford, chairman of the executive committee of the Peabody college board of trustees, that the money in the local banks would not be disturbed pending the settlement of Davidson county's claims in the matter.

The attorney-general and comptroller were about to file a bill to enjoin the banks from paying out the money, but Mr. Bradford feared that any litigation would be disastrous to the chances of securing the million dollar fund for the permanent endowment of the college. He was supported in this opinion, it is understood, by Attorney Gen. Cates. Comptroller Dibble was ready to file a petition for injunction, and it is said the bill had already been drawn when Mr. Bradford's assurance was given.

A letter will be secured from J. Pierpont Morgan, treasurer of the Peabody fund, of New York, assuring the state officials that no efforts will be made to move the state's appropriation until Davidson county is satisfied.

### CHANGES MADE IN SCHEDULE.

The following change was announced Monday for passenger service on the Knoxville division of the Southern Railway, the change in the schedule to take effect Sunday, November 7.

Train No. 3 will leave Bristol at 3 p. m., arrives at Morristown at 6:20 p. m. and in Knoxville at 8:25 p. m.

The reason for this change is that passengers in East Tennessee using that train may make connection with the Asheville train at Morristown. No. 42 will wait at Morristown thirty minutes on No. 3 when passengers are reported.

The regular stops of Nos. 25 and 26, the Memphis Special, at Jonesboro and Greeneville, will be discontinued, but No. 25 will stop at these points to discharge passengers from points east of Bristol and to receive passengers for points west of Knoxville, where the train is scheduled to stop. Train No. 26 will stop at these points for passengers west of Morristown.

With these stops discontinued for the "Memphis Special," a shorter schedule can be made, and fewer delays will occur.

"War is the curse of civilization," declared the orator. "It is indeed hell. My wife's first husband was killed at Santiago, and—"

And he wondered why his audience thought he'd said something funny.—Cleveland Leader.
